

## Material Safety Data Sheet

According to Regulation No 1907/2006/EC – REACH, No. 453/2010 and No 1272/2008/EC - CLP

Date issue : 05/28/2014

Version No: 1.0

| SECTION 1 | Identification of the substance/mixture and of the company/undertaking                                                                                                        |                                                                          |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| 1.1       | Product identifier                                                                                                                                                            | <b>LIQUID PHOTOGRAPHIC EMULSION</b>                                      |
| 1.2       | Relevant identified uses of the substance or mixture and uses advised against<br>The photographic for universal using, the emulsion can be spread on the most different bases |                                                                          |
| 1.3       | Details of the supplier of the safety data sheet                                                                                                                              |                                                                          |
|           | Supplier :                                                                                                                                                                    | Fotospeed, Unit 6b, Park Industrial Estate, Corsham, Wiltshire, SN13 9LG |
|           | Contact information:                                                                                                                                                          | Email: info@fotospeed.com<br>Tel: 01249 714555                           |

| SECTION 4 |                                                                                                                                                                                                                                                                                                                                                     | First aid measures |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| 4.1       | Description of first aid measures                                                                                                                                                                                                                                                                                                                   |                    |
|           | Consult a physician. Show this safety data sheet to doctor in attendance.                                                                                                                                                                                                                                                                           |                    |
|           | After contact with skin: Wash off with soap and plenty water.                                                                                                                                                                                                                                                                                       |                    |
|           | Eye Contact: Flush eyes with water as a precaution.                                                                                                                                                                                                                                                                                                 |                    |
|           | Exposure by inhalation: Remove patient to fresh air. If not breathing, give artificial respiration. Consult a physician.                                                                                                                                                                                                                            |                    |
|           | If swallowed: Affected person calm, clear water rinse. Place to drink a glass (about 0.4 dl) of cold water. Do not induce vomiting. If affected person vomit spontaneously, control to prevent inhalation of vomit. Do not administer activated charcoal, and no neutralizing agent. Call a physician or transport the affected person to a doctor. |                    |
| 4.2       | Most important symptoms and effects, both acute and delayed                                                                                                                                                                                                                                                                                         |                    |

|     |                                                                            |
|-----|----------------------------------------------------------------------------|
|     | Not known                                                                  |
| 4.3 | Indication of any immediate medical attention and special treatment needed |
|     | In the workplace, running water and soap.                                  |

|                  |                                                                                                                           |
|------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>SECTION 5</b> | Firefighting measures                                                                                                     |
| 5.1              | Extinguishing media                                                                                                       |
|                  | The product is not flammable. Use water spray, dry chemical or carbon dioxide. Extinguishing agents adapt burning nearby. |
|                  | Inappropriate extinguishing media: N.a.                                                                                   |
| 5.2              | Special hazards arising from the substance or mixture                                                                     |
|                  | Hydrogen chloride gas, hydrogen bromide gas, silver/silver oxides                                                         |
| 5.3              | Advice for firefighters: Breathing apparatus, workwear                                                                    |

|                  |                                                                                                                                                                                                                                                                                                                                                                                                                           |

**Materials used for the processing of safety data sheet**

Information provided by the producer  
Material Safety Data Sheets (MSDS) for chemical substances

R, H-phrases :

|        |                                                                                                 |
|--------|-------------------------------------------------------------------------------------------------|
| H290   | May be corrosive to metals.                                                                     |
| H400   | Very toxic to aquatic life.                                                                     |
| H410   | Very toxic to aquatic life with long lasting effects.                                           |
| R50/53 | Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment |

Guidance regarding the training of workers:

Workers coming into contact with hazardous chemicals or products must have access to data which are presented in this MSDS and be familiar with them clearly.

Person transporting hazardous chemicals and preparations must be familiar with guidelines for emergency response in accordance with regulations on hazardous goods within the meaning of ADR / RID, IMDG, IATA.

The information contained in this MSDS are currently valid data and best practices for use and handling of this substance under normal conditions. Any other use or handling of this substance, which is not consistent with those of MSDS, excludes liability for defects, respectively damage, which would otherwise meet the producer, importer or retailer.
